CENCOM Memorandum

To: CENCOM Policy Board
From: Richard Kirton, Director
Date: 11/25/15
Subj: Governance Discussion Items for 12/1 Meeting

Public Development Authority (PDA)

RCW 35.21.730 allows a city or county to create public corporations or authorities to perform any lawful public purpose or function in order to improve government efficiency and services. Early in our governance discussions legal advised this RCW would not work for our purposes so our efforts have been focused on creating CENCOM as a separate legal entity under the Interlocal Cooperation Act (RCW 39.34.030). Further research by legal indicates a Public Development Authority may be permissible for our purposes and may be a better vehicle than the Interlocal Cooperation Act.

RCW 35.21.730 appears to offer stronger liability shielding and a more streamlined process for creating the separate legal entity. If we were to move forward either the County or one of the cities would create a public corporation or authority via ordinance or resolution¹ which would also establish the governing board for the new entity. Each city, fire district, tribe and the county would then contract for services directly with the new entity. Prior to adoption of the resolution or ordinance the parties could document their agreement regarding oversight via an interlocal agreement.

Please review the enclosed RCWs. We will discuss this option at the meeting on Tuesday and then ask the Board to indicate whether we should focus our efforts on the Interlocal Cooperation Act or spend additional time and resources researching the PDA option.

Board Membership

Regardless of which statute we use to create the separate legal entity we need to have one more discussion regarding board membership. As part of the ILA review process the fire districts and Port Gamble Tribe have requested a seat on the governing board for each party that signs the ILA. Bainbridge Island has renewed it's request that each participant have only one seat with weighted voting. Bainbridge Island would also like to have both their major and city manager participate on the board (only one votes).

At the meeting Tuesday we discuss board membership options and ask the board to provide direction for moving forward.

¹ During the work study some members expressed concern about a single entity creating the SLE via ordinance or resolution. One way to address this may be for the parties to document their agreement regarding oversight etc via an interlocal agreement prior to adoption of the ordinance.

Public Development Authority (PDA)

RCW 35.21.730 (Authority, Limitation of Liability)

Public corporations — Powers of cities, towns, and counties — Administration.

In order to improve the administration of authorized federal grants or programs, to improve governmental efficiency and services, or to improve the general living conditions in the urban areas of the state, any city, town, or county may by lawfully adopted ordinance or resolution:

(1) Transfer to any public corporation, commission, or authority created under this section, with or without consideration, any funds, real or personal property, property interests, or services;

(2) Organize and participate in joint operations or cooperative organizations funded by the federal government when acting solely as coordinators or agents of the federal government;

(3) Continue federally-assisted programs, projects, and activities after expiration of contractual term or after expending allocated federal funds as deemed appropriate to fulfill contracts made in connection with such agreements or as may be proper to permit an orderly readjustment by participating corporations, associations, or individuals;

(4) Enter into contracts with public corporations, commissions, and authorities for the purpose of exercising any powers of a community renewal agency under chapter 35.81 RCW; and

(5) Create public corporations, commissions, and authorities to: Administer and execute federal grants or programs; receive and administer private funds, goods, or services for any lawful public purpose; and perform any lawful public purpose or public function. The ordinance or resolution shall limit the liability of such public corporations, commissions, and authorities to the assets and properties of such public corporation, commission, or authority in order to prevent recourse to such cities, towns, or counties or their assets or credit.

[2002 c 218 § 23; 1985 c 332 § 1; 1974 ex.s. c 37 § 2.]

RCW 35.21.735

Public corporations — Declaration of public purpose — Power and authority to enter into agreements, receive and expend funds — Security — Special funds — Agreements to implement federal new markets tax credit program.

(1) The legislature hereby declares that carrying out the purposes of federal grants or programs is both a public purpose and an appropriate function for a city, town, county, or public corporation. The provisions of RCW 35.21.730 through 35.21.755 and 35.21.660 and 35.21.670 and the enabling authority herein conferred to implement these provisions shall be construed to

accomplish the purposes of RCW 35.21.730 through 35.21.755.

(2) All cities, towns, counties, and public corporations shall have the power and authority to enter into agreements with the United States or any agency or department thereof, or any agency of the state government or its political subdivisions, and pursuant to such agreements may receive and expend, or cause to be received and expended by a custodian or trustee, federal or private funds for any lawful public purpose. Pursuant to any such agreement, a city, town, county, or public corporation may issue bonds, notes, or other evidences of indebtedness that are guaranteed or otherwise secured by funds or other instruments provided by or through the federal government or by the federal government or an agency or instrumentality thereof under section 108 of the housing and community development act of 1974 (42 U.S.C. Sec. 5308), as amended, or its successor, and may agree to repay and reimburse for any liability thereon any guarantor of any such bonds, notes, or other evidences of indebtedness issued by such jurisdiction or public corporation, or issued by any other public entity. For purposes of this subsection, federal housing mortgage insurance shall not constitute a federal guarantee or security.

(3) A city, town, county, or public corporation may pledge, as security for any such bonds, notes, or other evidences of indebtedness or for its obligations to repay or reimburse any guarantor thereof, its right, title, and interest in and to any or all of the following: (a) Any federal grants or payments received or that may be received in the future; (b) any of the following that may be obtained directly or indirectly from the use of any federal or private funds received as authorized in this section: (i) Property and interests therein, and (ii) revenues; (c) any payments received or owing from any person resulting from the lending of any federal or private funds received as authorized in this section; (d) any proceeds under (a), (b), or (c) of this subsection and any securities or investments in which (a), (b), or (c) of this subsection or proceeds thereof may be invested; (e) any interest or other earnings on (a), (b), (c), or (d) of this subsection.

(4) A city, town, county, or public corporation may establish one or more special funds relating to any or all of the sources listed in subsection (3)(a) through (e) of this section and pay or cause to be paid from such fund the principal, interest, premium if any, and other amounts payable on any bonds, notes, or other evidences of indebtedness authorized under this section, and pay or cause to be paid any amounts owing on any obligations for repayment or reimbursement of guarantors of any such bonds, notes, or other evidences of indebtedness. A city, town, county, or public corporation may contract with a financial institution either to act as trustee or custodian to receive, administer, and expend any federal or private funds, or to collect, administer, and make payments from any special fund as authorized under this section, or both, and to perform other duties and functions in connection with the transactions authorized under this section. If the bonds, notes, or other evidences of indebtedness and related agreements comply with subsection (6) of this section, then any such funds held by any such trustee or custodian, or by a public corporation, shall not constitute public moneys or funds of any city, town, or county and at all times shall be kept segregated and set apart from other funds.

(5) For purposes of this section, "lawful public purpose" includes, without limitation, any use of funds, including loans thereof to public or private parties, authorized by the agreements with the United States or any department or agency thereof under which federal or private funds are obtained, or authorized under the federal laws and regulations pertinent to such agreements.

(6) If any such federal or private funds are loaned or granted to any private party or used to guarantee any obligations of any private party, then any bonds, notes, other evidences of indebtedness issued or entered into for the purpose of receiving or causing the receipt of such federal or private funds, and any agreements to repay or reimburse guarantors, shall not be obligations of any city, town, or county and shall be payable only from a special fund as authorized in this section or from any of the security pledged pursuant to the authority of this section, or both. Any bonds, notes, or other evidences of indebtedness to which this subsection applies shall contain a recital to the effect that they are not obligations of the city, town, or county or the state of Washington and that neither the faith and credit nor the taxing power of the state or any municipal corporation or subdivision of the state or any agency of any of the foregoing, is pledged to the payment of principal, interest, or premium, if any, thereon. Any bonds, notes, other evidences of indebtedness, or other obligations to which this subsection applies shall not be included in any computation for purposes of limitations on indebtedness. To the extent expressly agreed in writing by a city, town, county, or public corporation, this subsection shall not apply to bonds, notes, or other evidences of indebtedness issued for, or obligations incurred for, the necessary support of the poor and infirm by that city, town, county, or public corporation.

(7) Any bonds, notes, or other evidences of indebtedness issued by, or reimbursement obligations incurred by, a city, town, county, or public corporation consistent with the provisions of this section but prior to May 3, 1995, and any loans or pledges made by a city, town, or county in connection therewith substantially consistent with the provisions of this section but prior to May 3, 1995, are deemed authorized and shall not be held void, voidable, or invalid due to any lack of authority under the laws of this state.

(8) All cities, towns, counties, public corporations, and port districts may create partnerships and limited liability companies and enter into agreements with public or private entities, including partnership agreements and limited liability company agreements, to implement within their boundaries the federal new markets tax credit program established by the community renewal tax relief act of 2000 (26 U.S.C. Sec. 45D) or its successor statute.

Finding—2008 c 198: "The legislature finds that it is in the public interest for public utility districts to develop renewable energy projects to meet requirements enacted by the people in Initiative Measure No. 937 and goals of diversifying energy resource portfolios. By developing more efficient and cost-effective renewable energy projects, public utility districts will keep power costs as low as possible for their customers. Consolidating and clarifying statutory provisions governing various aspects of public utility district renewable energy project development will reduce planning time and expense to meet these objectives."
