

Kitsap 911 Board of Directors Meeting

October 7, 2025 (12:30 to 2:00)

Via Hybrid Option of Zoom or in-person at the Norm Dicks Governance Center

Mission Statement: We are Kitsap 911 providing exceptional public safety emergency communications services every day.

AGENDA

1	Call to Order	(Chair)	
2	Additions to the agenda	(Chair)	
3	Public Comment (Limited to 2 minutes per speaker)	(Chair)	
4	Consent Agenda - All matters listed within the Consent Agenda have been distributed to each member of the Board as a separate document for reading and study, are considered routine and will be enacted by one motion of the Board with no separate discussion. If separate discussion is desired, that item may be removed from the Consent Agenda and placed on the Regular Agenda by a Board member or by citizen request. Click here to open the consent agenda.	(Chair)	
	Employee Recognition

19 Adjourn (Chair)

Adopted Board Expectations

Collaboration and Communication: Engage in open, honest, and constructive dialogue with fellow board members, agency staff, and stakeholders. Foster a culture of collaboration, active listening, and mutual respect.

Active Engagement: Thoroughly review materials in advance, consistently attend meetings, participate in discussions, and make informed contributions to decision-making.

Integrity & Ethics: Uphold the highest ethical standards and act in the best interests of the agency.

Accountability & Growth: Hold oneself, peers, and agency staff accountable while seeking continuous improvement and professional development.

Public Comment may be submitted to pubcomment@kitsap911.org All comments received prior to 12:00 PM on October 6, 2025. will be included in the public comment report. Comments received after that will be distributed to Kitsap 911 Board members after the meeting concludes. Members of the public may also comment during the meeting via zoom by using the Q&A feature.

Board of Directors Action Item Summary

October 7, 2025 (12:30 to 2:00)

Agenda Item #6

Agenda Item: Recommendation to Retain National Public Safety Group (NPSG)

as Project Manager for CAD Upgrade

Submitted By: Maria Jameson-Owens **Title:** Executive Director

Attachments:

Budgetary Impact (If Applicable) **Budgeted Amount:** \$290,000 **Expenditure Required:** \$290,000

Budget Category: Capital Projects – CAD Upgrade

Reviewed By: Brandon Wecker, Jamie Donley, Barrie Hillman

Reviewed Date: August 14, 2025

Summary Statement:

Kitsap 911 is preparing to implement a \$3.5 million upgrade to our Computer-Aided Dispatch (CAD) system—an essential technology platform at the heart of public safety operations. The CAD system is used to process every 911 call, prioritize incidents, and dispatch the appropriate law enforcement, fire, or EMS resources. It enables dispatchers to track units in real time, relay critical information to field personnel, and record time-sensitive details throughout the life of an incident. CAD is also integrated with GIS mapping, radio communications, and law enforcement databases, including the Criminal Justice Information Services (CJIS) network, which is used to run people, vehicles, and items for wants, warrants, stolen property, and other law enforcement queries.

This CAD upgrade is unlike past upgrades where we simply moved to a new version of the same system—this is a transition to an entirely new CAD platform, bringing increased complexity, workload, and the full range of challenges that come with implementing a new system. It will affect every Kitsap 911 employee—call receivers, dispatchers, supervisors, and technical staff—as well as every user of the system across our partner agencies. It also directly impacts the Mobile Computer Terminals (MCTs) installed in police vehicles, fire engines, and ambulances.

MCTs are the primary connection to the CAD system for field personnel, enabling them to receive dispatch assignments, view incident details and maps, update their status, access premise and hazardous materials information, and communicate with dispatch—all while remaining mobile. They also provide direct access to CJIS and other critical databases, giving responders the real-time information they need to make safe, informed decisions in the field.

Because the CAD system and MCTs are foundational to real-time emergency response—and because of the complexity of coordinating multiple stakeholders, vendors, interfaces, and mission-critical systems—it is imperative that we retain project management specialists with proven experience in public safety software implementation to guide this effort and ensure its success.

Why NPSG?

1. Proven Expertise in Public Safety Technology Projects

NPSG specializes in public safety technology and has a successful track record managing complex CAD, RMS, and Next Gen 911 system implementations nationwide. Their team includes former 911 center executives, engineers, and project managers who understand the operational, technical, and governance challenges unique to public safety environments. This goes beyond standard technology project management—it requires specialized leadership from professionals who understand the unique demands, risks, and realities of public safety operations.

2. Objectivity and Accountability

As an independent third party, NPSG provides objective oversight and ensures vendor accountability throughout the entire lifecycle of the upgrade. This impartial perspective reduces the risk of scope creep, miscommunication, and costly missteps that can occur when relying solely on internal staff or vendor-led project management. With a proven track record of advocating for the best interests of public safety organizations, NPSG brings trusted experience and reliability to complex technology projects.

3. Capacity and Focus

Our internal staff are highly capable but already operating at or near full capacity with core operational responsibilities—and many key personnel are currently dedicated to supporting the radio system upgrade. The CAD upgrade project itself will require sustained, focused attention for a minimum of 18 months. While there will be important work and input required from internal resources throughout the project, this level of commitment cannot be met without compromising other critical priorities. NPSG will provide dedicated project leadership without impacting internal staff's ability to focus on mission-critical operations.

4. Risk Mitigation

CAD systems are the backbone of emergency response. Failure, delays, or system instability during or after implementation could have real-world consequences, including slower response times, compromised officer safety, and loss of trust. NPSG's structured methodology, detailed project planning, and hands-on vendor coordination drastically reduce these risks.

5. Return on Investment

While hiring NPSG involves a cost, these expenses are included within the approved 2025 CAD upgrade budget. Investing in professional project management is a prudent decision to

ensure the success of this \$3.5 million project. The potential costs of project failure, rework, or delays—would far exceed the cost of engaging experienced project management expertise.

6. External Validation

NPSG comes with strong references from peer 911 centers that have undergone similar upgrades. Their past clients consistently cite NPSG's professionalism, technical acumen, and ability to drive projects to successful, on-time, and on-budget completion.

Recommendation:

Kitsap 911 cannot afford to treat this CAD upgrade as business-as-usual. The scope and complexity demand experienced, specialized, and independent project leadership. Engaging National Public Safety Group as our Project Manager is the responsible and strategic choice to protect this critical investment and ensure a smooth and successful outcome.

Move to approve the National Public Safety Group Amendment A.

AMENDMENT NO. 1 TO THE CONSULTING AGREEMENT

THIS Amendment No. 1 to the Consulting Agreement (as defined herein) ("Amendment") is made and entered into (the "Effective Date") upon execution of all necessary signatures by and between Kitsap 911, 911 Carver St, Bremerton, WA 98312 (the "Customer"), and National Public Safety Group, LLC, a North Carolina limited liability company, 124 Newington Way, Aberdeen, North Carolina 28315, (the "Consultant" or "NPSG") (Customer and Consultant, individually, a "Party" and, collectively, the "Parties").

RECITALS

- A. <u>Agreement.</u> The Customer and Consultant have entered into an agreement entitled "Consulting Agreement #20254 1700" effective date July 24th, 2025 ("Agreement").
- B. <u>Amendment Purpose</u>. The Customer and Consultant desire to amend the Agreement to provide for additional services and compensation.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants, agreements and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

- 1. Services; Payment Terms, Term; Termination.
 - a. <u>Services</u>. The Consultant and the Customer will mutually agree upon the method, details and means of performing the Scope of Work in <u>Exhibit A</u>.
 - b. <u>Payment Terms</u>. The Customer agrees to the Scope of Work cost amount in <u>Exhibit B</u> and the Payment Terms set forth in <u>Exhibit C</u>.
 - c. <u>Term</u>. This Agreement shall commence on the Effective Date and shall terminate within the time period listed in <u>Exhibit C</u>.
 - d. <u>Extended Services</u>. In the event the project goes longer than expected, and more consulting services are needed by the Customer, the Customer can continue on a month to month basis. The following terms will apply:
 - i. The payments will remain the same for up to 12 months after expiration of the Amendment.
 - ii. During the Extended Services phase, Customer can cancel with only 60 days notice.
- 2. <u>Continuing Effect of Agreement.</u> Except as amended by this Amendment, all other provisions of the Agreement remain in full force and effect and shall govern the actions of the parties under this Amendment. From and after the date of this Amendment, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement as amended by the Amendment.
- 3. <u>Severability</u>. If any portion of this Amendment is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provision shall continue in full force.

CUSTOMER

4. <u>Integration</u>. This Amendment represents the entirety of the Parties' understanding relating to the subject of this Amendment, including written or verbal communications between the Parties, which shall have no relevance unless expressly incorporated herein. This is an integrated amendment.

IN WITNESS WHEREOF, this Agreement is executed as of the date written above.

Exhibit A Scope of Work

NPSG will assist the Customer with their public safety software project, which will include:

- Computer Aided Dispatch (CAD)
- Mobile Data System (MDS)

NPSG will provide services for the following agencies:

Kitsap 911

NPSG will provide these services for the term of the Agreement, which is defined in Exhibit C.

Phase I – Complete Needs Assessment

Phase II – Not Selected Selection Process

Phase III – Complete Procurement Process

Phase IV

Project Management

The NPSG team will lead Project Management services, as the Customer(s) desires, which will include services such as:

- We provide the *Needs Assessment Summary* document to the vendor before kickoff to ensure they
 have as much knowledge as possible to prepare for the project
- Track and work to ensure the software provider delivers on the contractual obligations set forth in their agreement
- Attend and assist with kickoff and discovery sessions working to ensure all goals and objectives are understood and documented
- Work with software vendor and customer to develop a detailed implementation schedule
- We work to ensure the training plan scheduled is conducive with agency needs schedules, union rules, other limitations
- Our Project Managers and Software Consultants attend meetings and calls as appropriate and deliver detailed notes after each call
- Prior to weekly project status meetings, we have weekly one on ones with the customer and vendor,
 which helps make the status calls more efficient and effective
- We work to ensure the agency and vendor are on track to ensure there is no project delay
- Work to ensure client assigns appropriate resources for project success
 - o This entails identifying what personnel resources will be needed for a project of your scope

- Work to make sure any showstopper items are identified and promptly resolved by the responsible party before becoming major issues
- Monitor risks and change requests throughout the project.
- Review and recommend approval of software invoices as requested by the Customer
- Assist client with preparing for monthly Steering Committee Meetings
- Manage progress of data conversions or any access to legacy data to ensure these processes are not going to delay the project
 - Work to ensure client stays on track with validations
 - Work to ensure vendor stays on track with fixing issues for the next data conversion run
 - O Work with client to help ensure they are bringing clean data into their new system
- Retrieve functional and load testing plans from software providers
 - Document issues found during testing and continuously follow-up with the vendor on resolution and retesting plans
 - Assist with prioritizing issues and ensuring go-live issues get worked on first
- Work to ensure there is a detailed go-live plan before the system is put into live operation
 - o Work with vendor to ensure there is a go live checklist for both their staff and the agency's staff
 - Work to ensure the vendor has lined up go-live support from third parties involved in interfaces,
 which may need go-live support
- Continue to follow up for any post go-live action items, such as pending interfaces, conversion items, or anything else that was not completed and delivered

Term of the Agreement

This is a fixed-fee agreement with *time limit* paid over monthly payments for up to:

If project is completed before the projected time, the balance of unpaid payments will be due and invoiced for payment.

Board of Directors Action Item Summary

September 2, 2025 (12:30 to 2:00)

Agenda Item #7

Agenda Item: 2026 Budget
Submitted By: Maria Jameson
Title: Executive Director

Attachments: None

Budgetary Impact (If Applicable)
Budgeted Amount: N/A
Expenditure Required: N/A
Budget Category: Finance

Reviewed By: Steve Rogers, Brandon Wecker

Reviewed Date: September 29, 2025

Summary Statement:

The Board of Directors discussed the draft 2026 Budget in Workshop format during the September 2, 2025 Board of Director's Meeting. Direction was given to provide a comparison of the proposed budget to the annualized actuals of 2025 along with more detail overall with the intention of approving the budget at the October 7, 2025 meeting. This timing is essential for member agencies to be able to finalize their own budgets within their required timelines.

Highlights of the 2026 budget include:

- Revenue projections are approximately 2.6% over 2025 (budget) and flat with 2024 (actuals), totaling and estimated \$31.5M (including \$11M in estimated debt proceeds).
 - Sales tax growth is expected to soften 2.8% over 2025 and 1.75% over 2024.
 - Excise taxes are flat with 2025 and 2024.
 - Minor increase in other regular revenues, primarily due to tower leases
 - User fee increase due to new funding formula
- Proceeds from Radio Project debt is estimated to be approximately \$11M.
- Salaries and wages increase by approximately 19%, primarily driven by board-approved additions to the collective bargaining agreement, improved employee retention, step increases, 3% COLA, 15% increase in medical insurance premiums, and 3-year longevity bonus (paid in 2026).
 - Vacant positions in 2025 comprised 20% of the labor budget overall, but in 2026, it is less than 9%, and overtime has declined for 3 straight years.
 - No pay-scale adjustments are included in the collective bargaining agreement.

- Other operating costs increase by approximately 13%, primarily driven by new hardware, software, communication, debt service, and repairs and maintenance costs associated with the new radio system.
- Proposition 2-funded capital projects, including the Radio Project, CAD system replacement, backup center, and remote 911 kit replacement total an estimated \$13.2M.
- Capital projects funded by all other revenue sources, including AI integration for dispatch floor operations, finance ERP replacement, ADA-compliant rebuild of Kitsap911.org, and minor facility improvements total an estimated \$276K.
- Total appropriation for 2026 is \$34.8M (\$19.8M for Proposition 2 and \$15.0M for all other expenditures).
- Estimated ending fund balance is approximately \$5.3M (\$1.9M from Proposition 2 and \$3.4M from all other funding sources).
 - Total deficit from Proposition 2 is approximately \$1.4M.
 - Operating surplus is approximately \$0.8M.
 - o Total deficit from all other funding sources is \$1.8M.
 - Operating deficit is approximately \$1.6M.
- Ending balance from non-Proposition 2 revenue sources (\$3.4M) is \$210K less than what is needed (\$3.62M) to fully fund the Stabilization Fund.

Recommendation:

Move to approve Resolution 2025-007 2026 Budget.

Radio as a Service Customer	Equipment (Non-Member)	Annual Services (Non-Member)	Annual Services (Member Agency)
Multicare Emergency Room	\$15,000.00	\$200.00	N/A
Kitsap Department of Emergency Management	\$58,500.00	\$2,000.00	N/A
Kitsap Public Works Traffic Investigators	\$15,600.00	\$400.00	N/A
Kitsap County Fire Marshal	\$92,513.00	\$2,160.00	\$9,646.00

Additional Notes

- "Equipment" amounts reflect the acquisition costs incurred by Kitsap 911 to purchase the number of radios requested by the customer
- "Annual Service" amounts are based on the number of radios requested by the customer
- The Fire Marshal is considering becoming a member agency under the Kitsap County Service Agreement:
 - If they do join, they pay nothing up front for equipment and \$9,646.00 per year (services adjusted annually) for a minimum of 10 years to recoup the cost for equipment.
 - If they do not join, they will remain a Radio as a Service customer purchasing the equipment for \$92,513.00, plus \$2,160.00 per year (adjusted annually) for services.

Resolution 2025-007

Adopting the 2026 Budget, User Fees, and Authorized Regular FTE Positions.

WHEREAS, on April 25, 2016 the Board of County Commissioners adopted ordinance 532-2016 enacting chapter 2.110 of the Kitsap County code (the "Ordinance"), creating the Kitsap 911 Public Authority; approving a charter therefor; establishing a Board of Directors to govern the affairs of Kitsap 911; and providing how Kitsap 911 shall conduct its affairs; and

WHEREAS, Kitsap 911 (the "Authority") is a public corporation organized pursuant to RCW 35.21.730; and

WHEREAS, the charter requires the Board of Directors to adopt the budget and the Bylaws establishes the Service Fee Formula for certain agencies.

NOW, THEREFORE, BE IT RESOLVED by the Kitsap 911 Board of Directors as follows:

<u>Section 1. 2026 Budget Adopted.</u> The Board of Directors hereby adopts the 2026 Budget, including all revenues and appropriations, both operating and non-operating, as attached in Exhibit 1.

<u>Section 2. 2026 Service Fees Adopted.</u> The Board of Directors hereby adopts the 2026 Service Fees as attached in Exhibit 2.

<u>Section 3. 2026 Authorized Regular FTE Positions.</u> The Board of Directors hereby adopts the 2026 Authorized Regular FTE Positions as attached in Exhibit 3.

<u>Section 4. Severability.</u> If any provision of this Resolution or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this Resolution which can be given effect without the invalid provision, if such remainder conforms to the requirements of applicable law and the fundamental purpose of this agreement, and to this end the provisions of this Resolution are declared to be severable.

<u>Section 4. Effective Date.</u> This resolution shall become effective immediately upon adoption and signature as provided by law.

MOVED AND PASSED at a regular meeting of the Kitsap 911 Board of Directors on October 7, 2025, of which all Directors were notified, and a quorum was present.

KITSAP 911 BOARD OF DIRECTORS

DAVID ELLINGSON, CHAIR
ATTEST:
Maria Jameson-Owens, Executive Director

Summary Statement:

In January 2025, Kitsap 911 committed to holding an annual retreat to provide a dedicated space for welcoming new members, reflection, relationship-building, and focusing on top-priority projects.

Your feedback will help us design a productive and engaging session that addresses the priorities most important to you.

To plan this year's retreat, please share your input on timing, location, content, length, and facilitation.

Recommendation:

Provide input to help build an agenda that truly supports the Board's work and strategic goals.

Summary Statement:

Kitsap 911 has contracted with Mission Critical Partners to conduct a Board of Directors Composition and Effectiveness Study. Mission Critical Partners (MCP) led an introductory session to the Board at a special board meeting on September 5, 2025.

The introductory session was followed up by a site visit by MCP on September 8 and 9. During this site visit they met with individual members of the Board and the Strategic Advisory Board (SAB) for interviews. In the weeks following, they conducted additional virtual interview meetings with Kitsap 911 staff, Board Members and SAB members. They have also been collecting data from documents such as meeting minutes, meeting packets, Strategic Initiative information, etc. They wrapped up the discovery phase of their work on September 30.

The next phase is the analysis and processing step where MCP will distill what they have learned and start forming the structure of their report.

Recommendation:

No recommended action at this time.

Budgetary Impact (If Applicable)

Budgeted Amount: Expenditure Required: Budget Category:

Reviewed By: Maria Jameson-Owens, Brandon Wecker

Reviewed Date: September 27, 2025

Summary Statement:

The trends identified in the strategic positioning process highlight a significant shift in the workforce, including reduced job commitment, evolving workforce expectations, and increased challenges in attracting candidates with the skills necessary for complex roles, as well as retaining highly skilled personnel. These changes, coupled with growing operational demands, necessitate the development of a proactive hiring and retention strategy to ensure that Kitsap 911 can effectively meet its staffing needs in this evolving environment. By adapting to these new workforce norms, Kitsap 911 can attract top talent, retain valuable employees, and prepare for leadership transitions in an increasingly competitive job market.

This initiative will focus on:

- Attracting Talent: Developing a robust recruitment process that actively targets qualified candidates with the skills necessary to meet the evolving needs of Kitsap 911.
- Retention: Creating an environment that fosters employee satisfaction, growth, and commitment, ensuring that high-performing employees are supported and encouraged to stay with the organization long-term.
- **Succession Planning**: Identifying key roles and responsibilities within the organization and preparing for potential leadership transitions, ensuring that talent pipelines are well-established and ready to fill vacancies as needed.

Expected Outcomes:

- Improved ability to recruit and hire high-quality candidates.
- Enhanced employee retention, reducing turnover and increasing institutional knowledge.
- Development of a succession plan to ensure continuity in key roles.

How We Will Accomplish These Goals

Attracting Talent:

- Action 1: Evaluate current recruitment processes, refine job descriptions and position competencies, and explore new recruitment channels to attract a diverse pool of candidates.
 - o **Timeline**: 1st Quarter Annually
 - o **Progress: In progress**
- Action 2: Hold in-person testing at Kitsap 911 to increase accessibility.
 - o **Timeline:** Begin 4th Quarter 2025 and evaluate results
 - o Progress: On hold due to classroom availability
- Action 3: Increase the number of community events we attend, including job fairs and career fairs at high schools to educate youth about 911 as a career.
 - o Timeline: Begin 2nd Quarter 2025
 - o Progress: Complete

Retention

- **Action 1**: Develop a retention strategy that includes competitive benefits, professional development opportunities, and employee engagement activities.
 - o **Timeline**: 3rd quarter 2025 and reviewed annually
 - o **Progress: In progress**
- **Action 2:** Hold quarterly check-ins with new employees to address any needs or concerns they have in their first year of employment.
 - o **Timeline:** Began in 2024. Continuously moving forward.
 - o Progress: Complete to date and ongoing

Succession Planning

- **Action 1**: Conduct an annual succession planning survey and follow-ups with employees who plan to leave in the short term and those who wish to promote.
 - o **Timeline:** Annual
 - **o** Progress: Sending survey in October 2025

- **Action 2**: Implement a mentorship and career development program to support internal growth and succession planning.
 - o **Timeline**: 3rd Quarter 2025
 - o Progress: Training in progress, launching 1st Quarter 2026

Success Measurement:

- Increased number of qualified candidates applying for open positions.
- Fill each new hire academy.
- Reduced turnover rates.
- Enhanced internal promotion rates and succession success.

Progress Summary: Attracting Talent:

- **Action 1**: We have begun refining all job descriptions and position competencies to match the current needs of each position. We're continuing to explore new recruitment channels to attract a diverse pool of candidates, such as Reddit and high school career fairs.
- Action 2: We were unable to hold in-person testing at Kitsap 911 due to our classroom being unavailable during the testing window of our current recruitment. We will try this for our Spring 2026 recruitment to increase testing accessibility for all candidates.
- Action 3: We have increased the number of community events we attend from 24 in 2025 to 32 in 2026, including job fairs and career fairs at high schools to educate youth about 911 as a career.

Retention

- Action 1: We're continuing to strengthen our retention strategy by negotiating a
 collective bargaining agreement with our employee guilds that include competitive
 benefits and wages. With wellness being a top priority for our employees, our
 Wellness Committee has ramped up engagement in 2025, offering fun challenges and
 competitions, as well as ways to give back to the community we serve. Targeted
 professional development opportunities will come as part of our new professional
 development program.
- **Action 2:** We're continuing to hold quarterly check-ins with new employees to address any needs or concerns they have in their first year of employment.

Succession Planning

- **Action 1**: Our annual succession planning survey will go out to employees in October 2025, and we will follow-up with employees who plan to leave in the short term and those who wish to promote.
- Action 2: Effective 1st quarter 2026 we're introducing a professional development program that will focus on each individual and their career aspirations and give their leaders the tools they need to guide them towards their short- and long-term goals. We will also introduce our updated mentor program to encourage and support organic mentor relationships both during and after training. Training for employees on both of these programs will begin 4th quarter this year.

Summary Statement:

The trends identified in the strategic positioning process indicate significant shifts in workforce expectations, including the need for increased adaptability to new technologies and evolving job responsibilities. A strong professional development program that emphasizes leadership training, career progression, and inter-agency collaboration is essential to meet these challenges. By investing in a comprehensive training strategy, Kitsap 911 will improve new hire readiness, support ongoing staff development, and enhance operational coordination with partner agencies. These efforts will ensure the organization remains prepared to navigate the complexities of modern public safety services and support long-term organizational success.

This initiative will focus on:

- **New Hire Training:** Streamlining onboarding to accelerate skill acquisition and operational efficiency.
- Ongoing Development: Building a culture of continuous learning, leadership growth, and career progression.
- Agency Collaboration: Aligning training programs with partner agencies to ensure consistent procedures and effective coordination.

Expected Outcomes:

- Faster ramp-up time and increased job satisfaction for new hires.
- Strengthened development and advancement of current employees.
- Improved coordination and alignment in training practices across partner agencies.

How We Will Accomplish These Goals

New Hire Training

 Action: Review and optimize the onboarding process by incorporating feedback from recent hires and trainers to improve curriculum and streamline learning paths.

Timeline: End of each academy

Progress: Ongoing review;

Ongoing Development

• **Action:** Develop and implement an ongoing professional development program that includes leadership workshops, career coaching, and support for individual Professional Development Plans (PDPs).

Timeline: Ongoing with annual evaluations

Progress: Combined with Initiative #3 to avoid duplication of efforts Comprehensive Hiring and Retention Plan, Succession Planning, Action
#2 - Implement a mentorship and career development program to
support internal growth and succession planning.

Agency Collaboration

- **Action 1**: Hold regular inter-agency meetings to align training objectives, share best practices, and foster open communication.
- **Action 2:** Conduct joint training sessions and develop standardized protocols and shared training resources across all agencies.
- **Action 3:** Establish multi-agency workgroups to proactively address challenges and improve collaboration.
- Action 4: Coordinate with Law Enforcement Training Coordinators to identify training needs and develop relevant training content (e.g., user materials for P25 portable radios).

Timeline: Annually with targeted campaigns

• Progress: In Progress.

Success Measurement:

- Faster onboarding and improved performance of new hires
- Increased employee engagement and professional growth
- Positive feedback from employees and partner agencies on training effectiveness

Progress Summary:

New Hire Training

Action: We conduct constant review of the Call Receiving Academy's delivery of instruction, instructor instruction, and processes throughout the duration of each academy itself. Feedback from the June and August Call Receiving Academies will be incorporated into the build of the January 2026 Call Receiving Academy.

Agency Collaboration

Actions: Assistant Director of Operations Jamie Donley attended two meetings with the Kitsap County Fire Training Consortium, and the Fire agencies were very excited to have us start attending their training and working together. We received great feedback from the one session attended by both firefighters and our dispatchers. This is going to be a great new training partnership.

Of the Law Enforcement user agencies contacted, Law Enforcement seems very onboard to partner with us as well and we have asked each of them to start thinking about what types of trainings we can both complete together and any ideas for things they would like to focus on as we move forward with this training relationship for our first meeting discussion.

Executive Summary Kitsap 911 Board of Directors

Summary

For the year-to-date period ended August 31, 2025, revenues were above, and expenditures were below expectations. A large equipment reimbursement grant in July 2025 bolstered YTD revenues, and sales tax revenues are higher year over year, but with indications of possible stagnation. Year to date, operating expenditures are lower than budget, almost entirely due to the timing of the Radio Project. Significant recurring costs (e.g., LTE connection, radio system maintenance) are included in the 2025 budget, and will begin immediately upon completion, which is expected to occur in Q4 2025 – Q1 2026.

Revenues

As of August 31, 2025, we have received approximately \$14.64M (47.64%) of projected annual revenues, which was above our year-to-date forecast of \$12.96M by approximately \$1.69MK (13.07%).

We have received approximately \$9.82M (69.74%) of the total projected sales tax revenues, which was above our year-to-date forecast of \$9.18M by approximately \$638K (6.95%). While YTD sales tax revenues are higher than they were at this same point in the prior year, signs of weakening appear to be present. Additionally, half of all sales tax revenues are assigned for use on the Radio Project, other technological projects, and related operating costs, as directed by the Board.

We have received approximately \$1.84M (67.68%) of the total projected excise tax revenues, which was in line with our year-to-date forecast of \$1.81M, over by approximately \$28K (1.52%).

We have received approximately \$2.98M (21.37%) of the total projected for other revenues, which was above our year-to-date forecast of \$1.97M by approximately \$1.01M (51.30%). This variance from the YTD budget was primarily due to the receipt of a \$0.6M grant from the WA State Military Department in July 2025. This was a reimbursement for costs incurred for certain capital projects, including the replacement of dispatch console workstations, data logging recorder, and the uninterrupted power supply (UPS) system. Excluding this grant, other YTD revenues totaled \$405K (20.60%), primarily driven by investment interest revenues. These are higher than originally anticipated due to the timing of the large milestone payments for the Radio Project; these were originally expected in early 2025, but are now likely to occur in late Q4 2025 or Q1 2026.

Executive Summary Kitsap 911 Board of Directors

Operating Expenditures

As of August 31, 2025, we have expended approximately \$10.55M (58.29%) of our total operating expenditures appropriation, which was under our year-to-date expectation of \$11.77M by approximately \$1.22M (10.34%).

We have expended approximately \$9.06M (70.19%) of our total operating salaries and benefits budget, which was under our year-to-date goal of \$9.46M by approximately \$396K (4.19%).

We have expended approximately \$1.49M (28.74%) of the total non-labor operating expenditures, which was below our year-to-date goal of \$2.32M by approximately \$821K (35.47%). This variance from budget is primarily due to the timing of certain operating expenditures for the Radio Project. These costs were originally expected to start in early 2025, but given the revised timeline for completion of Phase 1, they are likely to begin in Q4 2025 or Q1 2026.

Proposition 2-Funded Capital Project Expenditures

As of August 31, 2025, we have expended approximately \$4.09M (27.37%) of our total annual appropriation of \$14.96M.

Other Capital Projects and Non-Operating Expenditures

As of August 31, 2025, we have expended approximately \$56K (73.98%) of our total annual appropriation of \$76K.

Debt and Cash Reserves

As of August 31, 2025, no new debt obligations are expected within the next three months, and no reserves have been used. The Stabilization Fund is currently fully funded using non-Proposition 2 revenues, however this may fluctuate from month to month, given the performance of non-Proposition 2 revenues and YTD expenditures.

Risks

A slowing economy poses the greatest risk to our revenues, primarily because Kitsap 911's main source of revenue is derived from taxable retail sales in Kitsap County. We will continue to monitor this and other risks over the coming months.

Budget Status Report For the Eight Months Ended August 31, 2025

Board of Directors Standing Report Summary

October 7, 2025 (12:30 to 2:00)

Agenda Item #16

Agenda Item: Staffing Report Submitted By: Rachael Taylor

Title: Human Resources Manager

Attachments: None

Summary Statement:

Since the last board meeting, Kitsap 911 has lost two employees. One person did not pass their probationary period and one resigned during an internal investigation. We have 8 vacant positions on the dispatch floor. That number does not account for the two additional positions we added in 2025.

We had one new dispatcher signed off since the last board meeting and another 4 in training that we expect to be signed off in the next couple of months. We have 4 call receivers in training on the floor.

We posted our telecommunicator position in mid-September and have a substantial number of applicants. The academy will begin on January 12, 2026, when we plan to hire up to 6 people.

We are fully staffed in both our admin and technical services groups.
